PROFESSIONAL SUMMARY

Dynamic Full-Stack Developer and AI Specialist with over 4 years of progressive experience in designing and implementing scalable web applications and AI-driven solutions. Proven expertise in modern JavaScript frameworks. Committed to leveraging cutting-edge technologies to create impactful solutions that meet evolving market demands.

PROFESSIONAL EXPERIENCE

Full-Stack Developer, Kenmark ITan Solutions	07/2023 – Present Mumbai
- Application Development: Architected and deployed 7+ full-stack web applications using Next.js, implementing PWA capabilities and ensuring optimal cross-device responsiveness - Team Leadership: Successfully directed development teams to deliver projects on schedule, achieving a 25% improvement in overall team productivity - Process Optimization: Designed and implemented internal tools and dashboards, reducing manual operational efforts by 0% and significantly streamlining team workflows - Talent Development: Mentored and trained 5+ junior developers and interns, accelerating their professional onboarding and enhancing project delivery capabilities - Quality Assurance: Conducted comprehensive technical interviews resulting in the successful recruitment of high-performing developers - Code Excellence: Performed rigorous code reviews to maintain high code quality standards and ensure adherence to industry best practices - Client Relations: Managed end-to-end client onboarding processes, ensuring seamless project initiation and maintaining high client satisfaction ratings	
Frontend Developer, Kenmark ITan Solutions	01/2022 – 06/2023 Mumbai
- UI/UX Development: Engineered responsive, pixel-perfect user interfaces using Bootstrap and Framer Motion - Integration Excellence: Successfully integrated frontend solutions for 5+ comprehensive dashboards and e-commerce platforms - Performance Optimization: Implemented Server-Side Rendering (SSR) via Angular Universal, achieving a 0% reduction in load times and significantly enhancing web application performance - Project Management: Led a -person development team to successfully deliver 10+ projects on time and within budget constraints - Client Collaboration: Worked directly with clients to integrate new features and enhance UI designs	

Development Intern, Kenmark ITan Solutions

10/2021 – 01/2022

Mumbai

- Web Development: Developed responsive, mobile-first landing pages using Angular 13
- Documentation: Created and maintained comprehensive technical documentation for development processes
- Infrastructure Management: Managed Linux and Windows server environments, maintaining 99.9% system uptime
- Technical Support: Provided hardware servicing and technical support for PC and computer systems

 EDUCATION

Full Stack Development Certificat (Part Time), Masai School

02/2023 – 11/2023

Online

Completed a 9-month part-time program focused on front-end (HTML, CSS, JavaScript, React) and back-end (Node.js, Express, MongoDB) development, data structures, algorithms, and real-world projects. Collaborated in teams to build and deploy end-to-end applications, gaining hands-on experience with agile workflows, Git/GitHub, and peer code reviews.

Higher Secondary Certificate (HSC) - Arts Stream,

04/2016

La Martiniere Boys College, Mumbai

 CORE TECHNICAL SKILLS

Frontend Technologies

- JavaScript (ES6+), TypeScript
- React.js, Next.js, Tailwind
- HTML5, CSS3, SASS/SCSS
- Responsive Design, PWA Development

Backend Technologies

- Node.js, Express.js
- RESTful APIs, Server-Side Rendering
- Database Design & Management
- MySQL, Prisma, MongoDB

Development Tools & Practices

- Database Optimization
- Version Control (Git), Code Reviews
- Agile Methodologies, Team Leadership
- Technical Documentation, Testing

AI Driven Development

- Cursor, Kiro, VSCode
- OpenAI, OpenRouter, LLMs
- v0, bolt, Lovable, GenAI
- ChatGPT, Perplexity, Gemini

 CORE COMPETENCIES

Technical Leadership

Proven ability to lead development teams and deliver complex projects

Problem Solving

Strong analytical skills with experience in troubleshooting complex technical issues

Communication

Excellent verbal and written communication skills in English (Native proficiency)

Adaptability

Quick learner with ability to master new technologies and frameworks efficiently

Quality Focus

Committed to writing clean, maintainable code following industry best practices
